

CONNECT FOR THE *MOST HUMAN* HEALTHCARE ENGAGEMENT

## Healthcare's leading platform for rounding

**PATIENT | CONSUMER | EMPLOYEE | MARKET**

Healthcare's most comprehensive experience management platform.

Listen, learn, and elevate patient and employee experience. Nobl's predictive analytics, insightful reports, and powerful integrations make it the easiest rounding solution you'll ever use. Highly configurable and workflow-minded, Nobl's rounding platform gives your leaders actionable insights to deliver on the spot service recovery and capture the voice of the patient and employee.

## How Nobl works

### TAILORED TO YOUR ORGANIZATION

From customized rounding maps to user-level settings, we give you control to customize more than just rounding forms to support your unique goals.

### REPORTS FOR HEALTHCARE LEADERS, NOT ROBOTS

We believe reports should be easy to access and quick to comprehend. From hospital-wide metrics to granular patient-level analysis, users have access to a remarkable amount of data.

### DATA ANALYSIS SIMPLIFIED

We bring our industry knowledge and clinical expertise to provide a human analysis of your data. Our team's dedicated support helps you confidently set goals, review data, and track progress.

## Empowered for excellence and tailored to your use case:

### HOURLY AND PROACTIVE ROUNDING

- Employee rounding
