# NRC Health Consumer Research Findings

# Deferment

22.8%

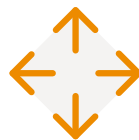

of patients deferring  
“necessary medical  
treatment”

*This is the  
highest  
percentage  
since 2010.*

# Outmigration

15.1%

of patients are leaving their  
market to receive medical  
treatment

**32.1%** will travel more  
than 100 miles for  
healthcare services.

Those in the 35-44 age range  
represent 6.4% year-over-  
year growth in outmigration  
for pediatric services.

# Doctor Selection

34%

Year-over-year growth in consumers placing importance in selecting providers in which they've had a previous experience

*Finding a doctor that listens well remains the top selection factor for the 4<sup>th</sup> consecutive year.*

Once a consumer becomes a patient, how do they prefer to provide their feedback?

# Consumer preference in giving their feedback

44% of consumers want to give feedback with each visit

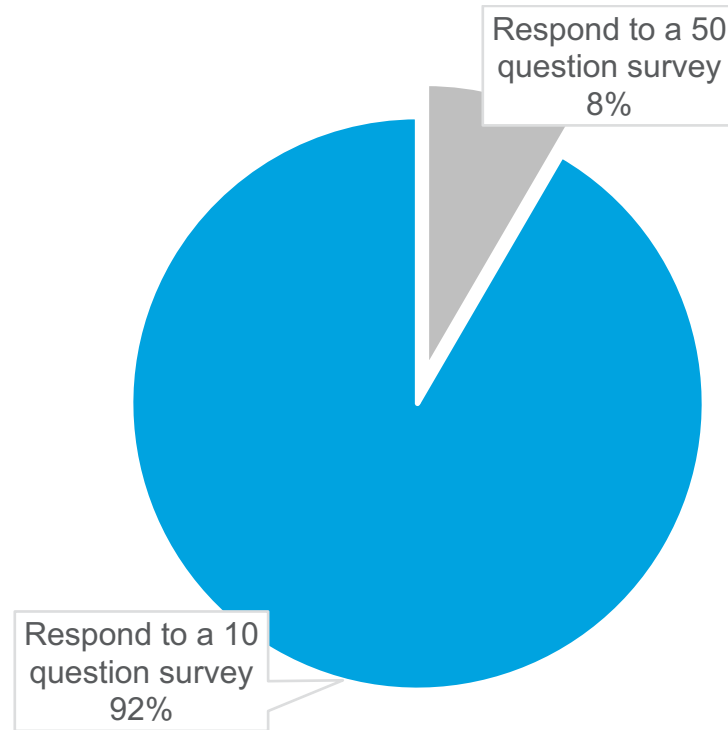

55% prefer to give feedback via email

73% of consumers prefer to give feedback within a few days

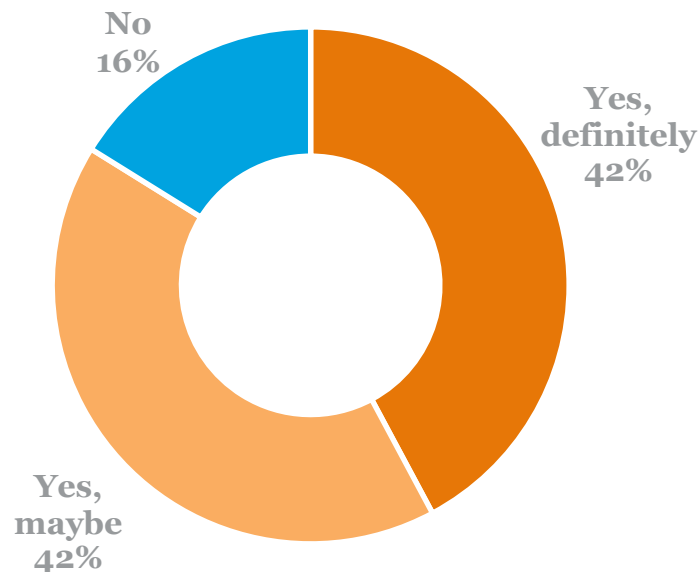

# Keep the outreach as short as possible

# The expectation to “Make it right”

84%

of patients expect you to follow up with them if they have a bad care experience.

# Poll: What percent of patient comments trigger a service recovery opportunity?

- >50%
- 16-25%
- 10-15%
- <10%

# 2018 NRC Customer's Service Recovery Summary

84,000

Service recovery opportunities

68%

Average service recovery  
resolution rate

38%

Of service issues are resolved within 24  
hours, 55% within three days and 69%  
within a week.

Is the healthcare industry moving  
the needle in patient loyalty?

# Loyalty is on the rise

61.3%

of consumers report being  
loyalty

3.2%

year-over-year growth.

Those in the 65+ age cohort  
report the highest loyalty of

70.4%.

## Top 10 hospitals for consumer loyalty

Written by Alyssa Piegge | August 27, 2018 | Print | Email

**In Brief** Healthcare solutions firm NRC Health compiled its inaugural list of the top 100 healthcare organization consumer loyalty.

**By the Numbers** The organization's first Consumer Loyalty Awards were created using results from NRC Health's nation syndicated Market Insights survey, which polled more than 310,000 households nationwide from June through May 2018. To qualify for the list, each organization had to garner at least 150 top-of-mind men consumers in the survey.

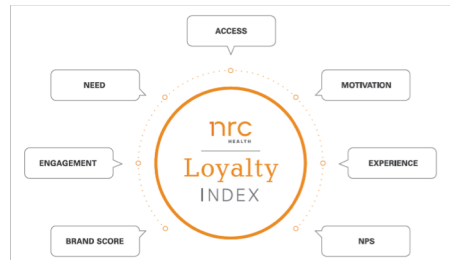

The 100 award winners were recognized during the 2018 NRC Health Symposium, which took place Aug. 26-28, San Diego.

Here are the top 10 Consumer Loyalty Award-winning hospitals for 2017-18:

**BRIEF**

## New hospital ranking looks at customer loyalty

## Top 10 Consumer Loyalty

- #1 CHI Memorial Hospital Chattanooga
- #2 New York-Presbyterian/Weill Cornell Medical Center

# Recommendation

- Digital scales (and is preferred)
- Continue to borrow from industries that do this better than healthcare

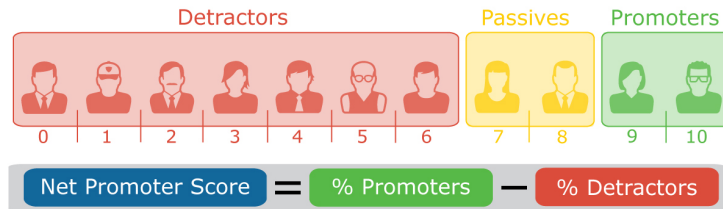

# 02

Customer Loyalty Becomes *THE* Metric that Matters

# Measuring loyalty through NPS

Net promoter score is used in and out of industry as a way of measuring loyalty with 1 simple question:

*“How likely are you to recommend <<brand/product>> to a friend, family member, or colleague?”*

**Costco**

Type: B2C  
Size: Large

45

**Starbucks**

Type: B2C  
Size: L

77

**Microsoft Office**

Type: B2C/B2B  
Size: Large

33

**Walmart**

Type: B2C  
Size: Large

40

**Macy's, Inc.**

Type: B2C  
Size: Large

32

**Tesla Motors**

Type: B2C  
Size: Large (>100M \$)

97

# Recommendation

- Socialize “loyalty” internally
- Deploy NPS as an enterprise metric at every care setting
- Capture qualitative themes and proactively address opportunities to enhance loyalty

# 03

## Technology + Simplicity Enables High-Touch Care

ANNALS OF MEDICINE NOVEMBER 12, 2018 ISSUE

# WHY DOCTORS HATE THEIR COMPUTERS

*Digitization promises to make medical care easier and more efficient. But are screens coming between doctors and patients?*

By Atul Gawande

# Recommendation

- Less is more: reduce system/process redundancy to eliminate waste (centralize systems wherever possible)
- Know more about what matters most to patients *before* the encounter
- Consider implementing an intelligent feedback system, that:
  - Gives every customer/patient opportunity to provide feedback
  - Tracks engagement longitudinally
  - Provides visibility to appropriate, proactive action

# 04

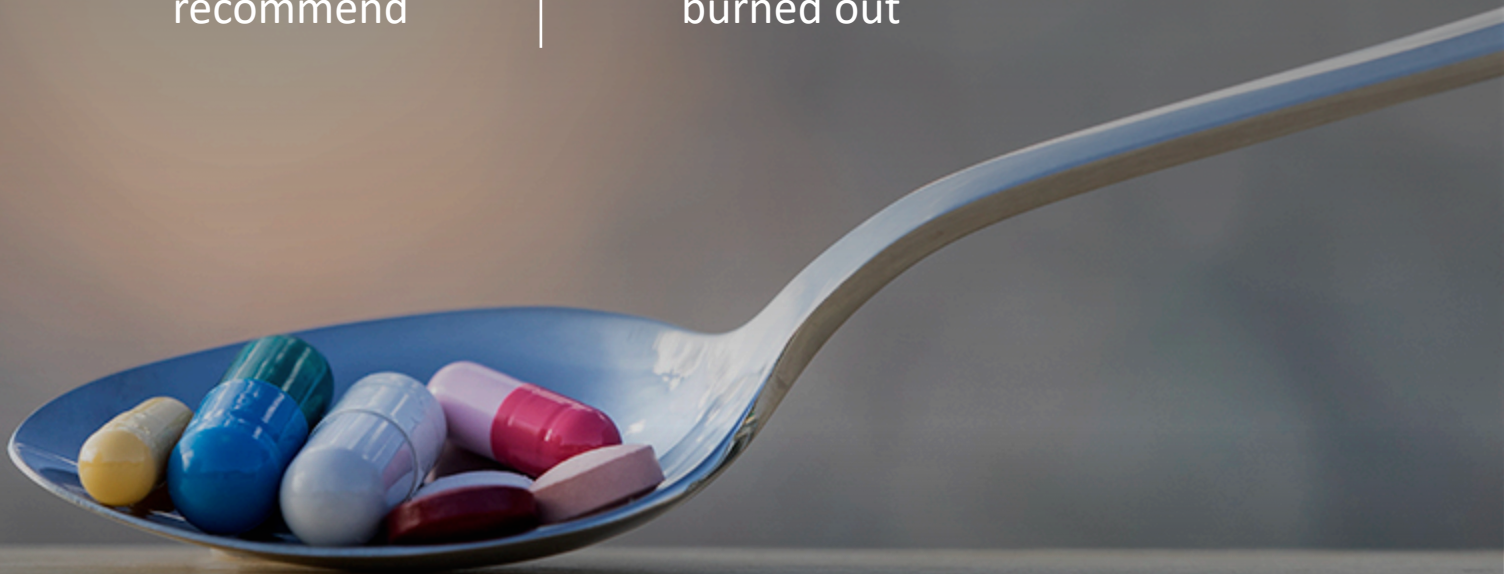

## Renewed Focus on Reducing Clinician Burnout

25%

Would not  
recommend

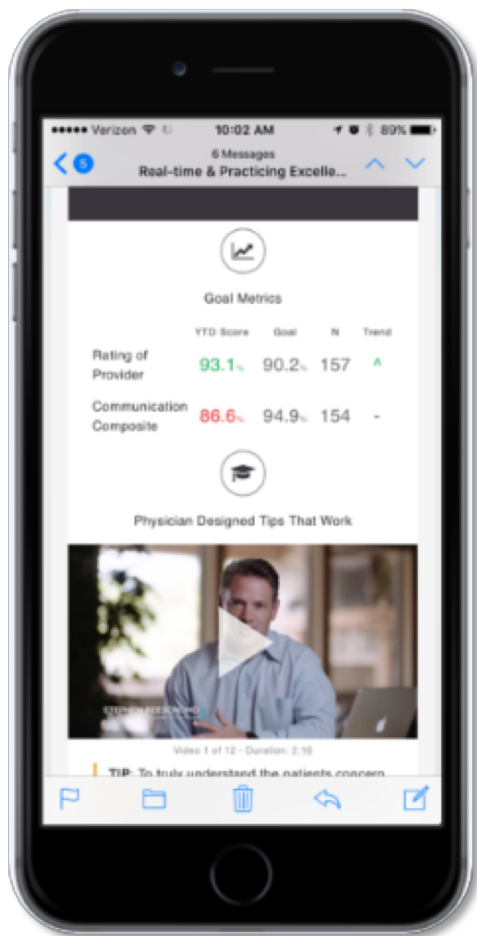

49%

Of clinicians are  
burned out

# Recommendation

- Give time back – “Home for Dinner”
- Provide micro-learning opportunities
- Share patient voice freely

"I highly recommend her skills as a surgeon as well."

05

Machine Learning and AI are Pervasive System-wide

For which of the following use cases is your organization leveraging or likely to leverage AI/ML?

Supporting clinical decision making – 77%

Extracting meaning from big data – 66%

Resolving operational inefficiencies – 59%

Enabling earlier diagnosis – 55%

Enabling population health management – 52%

Optimizing admin/clinical workflow – 48%

Increasing patient engagement – 45%

Advancing patient behavior change – 43%

Advancing personalized medicine – 41%

Improving data integration from connected devices – 41%

Supporting clinical decision making – 77%

***Extracting meaning from big data – 66%***

Resolving operational inefficiencies – 59%

Enabling earlier diagnosis – 55%

Enabling population health management – 52%

***Optimizing admin/clinical workflow – 48%***

***Increasing patient engagement – 45%***

***Advancing patient behavior change – 43%***

***Advancing personalized medicine – 41%***

***Improving data integration from connected devices – 41%***

# Recommendation

- AI/ML is not for the sole use of clinical workflow & diagnosis
- Employ to glean pattern recognition & predictions from vast, disparate data sets (both structured and unstructured)

# Summary

# Summary

- **Consumers Crave Convenience & Personalization**
- **Building Patient Loyalty is Key**
- **Focus on Provider Wellbeing**
- **Leverage Technology to Get Closer to Your Consumers and Patients**

# Thank You!
