

2006 Excellence In Action award recipients

My InnerView's Excellence In Action award honors those nursing homes that achieve high levels of excellence in overall facility quality as demonstrated through receiving an AHCA Quality Award or by having overall resident and family satisfaction levels fall within the top 10% of My InnerView's customer database.

To be eligible for the award, nursing facilities must be a member of My InnerView and participate in at least one survey cycle of residents and families throughout the year.

NOTE: Some award recipients elected to not have their name included on this public list.
