

2007 Excellence in Action award recipients

The 2007 Excellence in Action Award is presented to any My InnerView customer who (1) completed a family or resident satisfaction survey during calendar year 2007, using standard nursing facility instruments (may or may not include additional custom questions), (2) had a minimum of 10 responses, with a minimum 30% response rate, and (3) scored in the top 10% of qualifying facilities on the question “What is your recommendation of this facility to others,” in terms of the percent of respondents rating the facility as “Excellent.” All standard data for calendar year 2007 was combined into one sample, regardless of method or date of administration. Resident and family data was combined.
