

## The 2017 Excellence in Action Award recipients:

The Excellence in Action awards recognize long term care and senior living organizations that achieve the highest level of excellence. This is demonstrated by overall resident or employee satisfaction scores that rank within the top 10 percent of the NRC Health product database, the largest proprietary satisfaction database for senior care in the U.S.

The Skilled Nursing awards started in 2006 and Assisted Living and Independent Living were added in 2012.

= Customer award winner   = Workforce award winner
