

At Via Christi Transitions Clinics we want to not only address your physical health but other areas of your life that affect your health. This could include but is not limited to your access to food, housing and transportation.

Below are a few questions we would like for you to answer. If you indicated that you would like assistance; the Social Worker or Case Manager will plan to meet with you during your next visit.

If you need immediate assistance today, please let your provider or the front desk staff know.

Our goal is to work with you to find resources to meet your needs. We hope we can work together to find you the assistance needed however, we cannot guarantee 100% of these needs can be met through our team.

Thanks for your time.
