Deirdre M. Baggot, Ph.D., RN

Partner, Health & Life Sciences Practice
Oliver Wyman

Deirdre Baggot is a Partner with the Oliver Wyman Health & Life Sciences Practice, based in the Chicago office. She specializes in developing strategies to transform clients for the shift to value and consumer-centric healthcare across provider and payer clients, as well as health enablement companies. Deirdre is a former hospital executive who spent 10 years in academic healthcare, first at Northwestern Memorial Hospital and later at The University of Michigan Health System. She also is a Former Expert Reviewer, Centers for Medicare and Medicaid Innovation

and served as an advisor to NY Medicaid on the development and piloting of eight chronic disease bundles from development to launch. Deirdre holds a Ph.D. from the University of Colorado, an M.B.A. from Quinlan School of Business at Loyola University Chicago, and a Bachelor of Science in nursing, summa cum laude, from Southern Illinois University. In addition, Deirdre received a certificate in healthcare executive leadership from The Wharton School and LEAN certification from The University of Michigan.
