The Impact of COVID + Consumerism

19

19

20

NRC Health's study of COVID-19 effects on consumers

- Roughly **half** have delayed care in some form since March
 - Dental, primary and specialty care most likely to be delayed
- 7 in 10 deferrers cited COVID-19 in delaying their treatment
 - Majority of the rest cite various financial concerns
- 1 in 3 have participated in a virtual care visit since March
- Of virtual patients: *more satisfied* than with physical visits

SOURCE: NRC Health's MARKET INSIGHTS study of healthcare consumers, 2020, n size = 2,000

21

21

What Matters Most in the Consumer Care Journey?

Three priorities emerge from asking consumers directly

Access

Start me on a quick, easy path to access the right care at the right time

Engagement

Deliver easy, frictionless experiences that meet my expectations

Value

Don't kill me with the bill – give me context, provide options and be transparent

22

22

Access: Telehealth aka “Return of the House Call”

When it comes to service - especially this year - consumers are now expecting *you* to come to *them*

- **35 percent** used telehealth services in 2020 (15 percent in 2019)
- **74 percent** were satisfied with visit
- **57 percent** are likely to schedule telemedicine in the future
 - 54 percent would see PA/NP
- **8 in 10** employers are now covering telehealth as a benefit

23

23

Engagement: “Systemness” Rules Supreme

- Consumers have grown tired of confusing, disjointed experiences in their journey

- Consumers value unified brands & “systemness”:

- **65 percent** said they were more likely to choose a hospital that is part of a system
- **31 percent** said it makes no difference
- **4 percent** said they were less likely to choose a hospital that is part of a system
- **18 percent** feel its ‘extremely important’ for their *physician* to be affiliated with system

SOURCE: NRC Health's MARKET INSIGHTS study, 2010-2020, average annual n sizes vary from 208 (qual) to 278,824 (quant)

24

24

Value: The After Experience of Paying for Care

- Half of consumers feel a *significant* burden paying for care
- 87% of consumers incur some level of difficulty in trying to understand their healthcare bill(s)
- 65% feel its important to be able to fully understand their bill
- 51% feel its important to receive a single bill
- Many dissatisfied patients describe paying for their care as one of the worst parts of the experience

How to Reshape Consumer Perception of Healthcare

3 priorities emerge from a mountain of consumer data

Access

Start me on a quick, easy path to access the right care at the right time

Engagement

Deliver easy, frictionless experiences that meet my expectations

Value

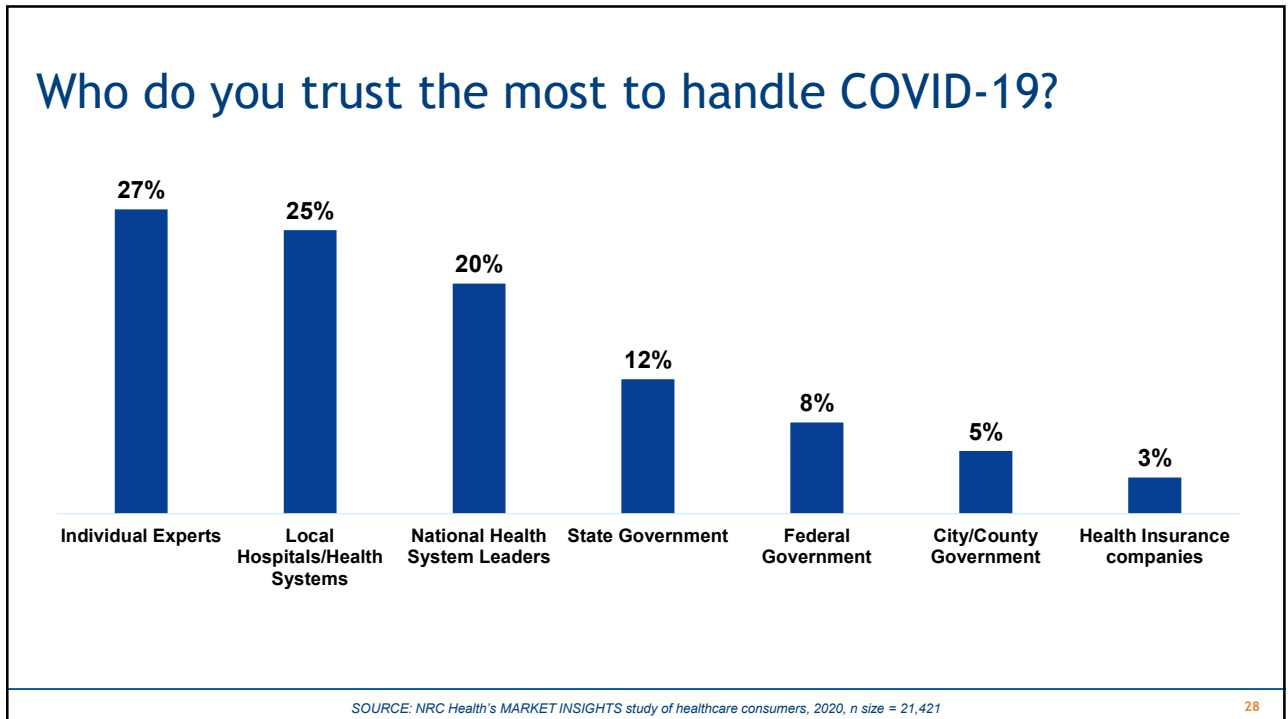

Don't kill me with the bill – give me context, provide options and be transparent

Digital Healthcare Experiences ARE Experiences.

- For consumers, screens are the new door
- In healthcare, consumers are seeing the growing possibilities of online information, education & **experiences**
- Older consumers are more active in digital health:
 - Ave. age of healthcare decision-maker is 48 years young
 - Same age as consumers who use social media for healthcare purposes (49 years young)
 - Roughly half of 65+ are aware of doctor ratings
- Across all age groups, digital info is flourishing
