Randy Oostra, D.M., FACHE

Managing Partner
Blueprint N1

Randy Oostra, D.M., FACHE, is the Managing Partner of Blueprint N1, a venture capital group focused on investing in companies dedicated to improving health span and longevity.

Randy has more than 50 years of healthcare and management expertise and was previously the President & CEO of ProMedica, a not-for-profit, mission-based, integrated health and well-being organization headquartered in Toledo, Ohio. The \$7 billion organization was serving communities in 28 states. It offered acute & ambulatory care, an insurance company with a dental plan, and post-acute and academic business lines. ProMedica is widely known as a national leader in addressing the social determinants of health and is consistently recognized by national associations and accrediting agencies for superior clinical quality, safety, and patient experience.

Randy is a visionary leader who truly believes community and service work hand in hand and exemplifies that in his professional and personal life. A strong commitment to the healthcare industry and community is demonstrated through his extensive involvement in numerous professional and civic organizations at the local, regional, and national levels. He has served on the board of trustees of numerous national organizations such as the American Hospital Association, Local Initiatives Support Corporation (LISC), The Root Cause Coalition, and the American Nutrition Association. Randy is also a fellow of the American College of Healthcare Executives and recently completed his first book *The Narrow Path to Expansive Vision*.

Randy holds a doctorate in management from Case Western Reserve University, a master of healthcare administration from the University of Minnesota, a master of science from the University of Wisconsin EC, and a bachelor of science in biology from Northwestern College.
